# Children's Cottage Society

**Our Vision: Safe Children in Healthy Families**

**Our Mission: Preventing harm and neglect to all children and building strong families through support services, respite programs and crisis nurseries.**

Since 1986 The Children's Cottage Society has been dedicated to preventing harm and neglect to children and building strong families through support services, respite programs and crisis nurseries. We are a recognized leader in providing effective programs and services to help ensure Safe Children in Healthy Families.

At the Children's Cottage Society we have long understood the detrimental effects of prolonged exposure to negative experiences in a child's early development. We recognize that the solution is prevention and we aim to ensure that children in our community have strong foundations for healthy physical and emotional development. We offer non-judgemental programs and services aimed at helping parents through a crisis regardless of what their circumstances may be. We believe that asking for help is a sign of strength and we aim to work collaboratively with local agencies to ensure families are provided with the best services and resources to meet their needs.

Programs include:

- Crisis Nursery
- Brenda's House
- Healthy Families
- Community Respite
- Housing Programs
